Administration

Cross Roads is proud of its school, its community, its students.

We are especially proud of this graduating class which is the first class to complete all twelve grades at our school since 1953.

Many are responsible for helping to make Cross Roads the fine school it is.

In Memory:
Pamela Lee Tetens,
Daughter of Carolyn and Leroy
Tetens

Every day to her was a new adventure;
She was always looking happily toward the future.
She greeted each day with cheer and excitement.
Each new challenge was a source of enlightenment.

The most important part in each of her days
Was making new friends and learning new ways.
Her life is a picture of what God meant life to be:
People loving people and living each day completely.

One Act Play

Students, under the direction of One-Act Play sponsor Donna Holmes, presented the play "The Saga of Katy, the Gamblin' Lady" for UIL. We were proud of our students' production.

Stacey Beavers and Pydi Holmes were chosen for All Star Cast. Chris Hope received Honorable Mention recognition.

Other students working with the play were Jerry Logan, Harvey Brown, Judy Tull and Steve Allen, Robin Chandler.

SC Sponsored Redheads

One of the money-making projects for the Student Council this year was the Red Head basketball game. The Red Heads are an all female champion basketball team from Arkansas. The event took place for a standing room only crowd and was a big success, mainly because of much planning and organization on the part of the sponsor — Barbara Stone. Sad news — Cross Roads lost.

Time was called at one point in the game to remind teacher Tommy Barnett that no pinching was allowed in the game.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nations's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part . . . make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now . . . you'll help make sure there will be enough for everyone when you start a family of your own.
