**1983**

From the early days of elementary...to the night of graduation...there have been so many special times and unforgettable moments for the graduates of C.R.H.S.

Looking back on their school days, they will remember the magic of sharing a major part of their lives with their classmates. Though they will all go their own separate ways, a part of Cross Roads will remain with them forever...for they realize that these have surely been...

You'll never know just how special CRHS is until you have to go away and leave it behind. Then you realize that this tiny little school has a special kind of magic to it that grows deep in your heart through the years. The closeness you've sustained with your classmates, most especially the seniors, is a feeling that is undeniably heartfelt . . . And those teachers that you turned to not only for help at school, but for a personal friend as well, will always hold a special place in your heart.

So as we all go our separate ways after high school, try to remember the special days in your life, the unforgettable memories of Cross Roads High School, "the little school of our heart," then you will look back and realize that these have been the best of times . . . so far.

Love,

— Words from the Song, "The Best of Times" featured throughout the annual

Cleaning our lockers, checking in books, and rehearsing for graduation brings about the closing of another year. Some of these best of times with friends and classmates will always be treasured memories by this year's seniors.

Other best of times and memories for some students and faculty might be:

- (1) Stephanie Drummond and Zabe James cleaning out lockers for the last time.
- (2) Coach Scoggin trying on One-Act play costume.
- (3) Pydi making one of her daily calls to Glenn.
- (4) Dewayne Thompson, 3rd grader, showing off his "ET — Phone Home" mask.

Stephanie and Zabe

Coach Scoggin

Pydi Holmes

One of Dewayne Thompson's best of times is visiting with Mr. Barnett.

Can you imagine making bunny rabbits with all these first graders? Only a teacher like 1st grade teacher, Mrs. Harris, would attempt such. After gluing thousands of pieces of crepe paper on to milk cartons and attaching whiskers, ears, etc. in just the right spots, these students proudly displayed their finished products.

Remember . . . Good Friends

. . .

**Pep Rallies . . .**

**Special Teachers . . .**

**School Trips . . .**

These were some of the things that made CRHS so special for so long.

There were always ups and downs, good times as well as bad, times when we thought our school days would last forever.

As graduation day draws near, we realize that high school was just a short period in our lives that will soon be over.

Now, we each reminisce about the great times we have had here, and we realize that although we will soon be going our separate ways, we will each carry with us a part of Cross Roads High School. We will treasure our wonderful memories always because these were truly "The Best of Times."

We'll take the best  
forget the rest  
And someday we'll find . . .  
These are the BEST OF TIMES."*

It's alright Coach . . . They'll let you out in the morning.

*"I know you feel these are the worst of times.  
I do believe it's true,  
You feel so helpless  
Like a boat against the tide,  
Rumor has it it's the  
End of paradise,  
But I know when the world  
Comes crashing through,  
Baby, I know you'll always be around."*

# You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part ... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now ... you'll help make sure there will be enough for everyone when you start a family of your own.
