Seniors '85 Class Song Winners Take All

By Quiet Riot

Life's been good
Life's been bad
Now I know what I have
Has taken its toll on me
Yes we give and we take

What we get is what we make
Believe that dreams come true
Life is crazy we're not fools No No
The price is high when you keep the score
Take your souls and your goals to the top

Chorus:
Together we stand we won't take no fall
Cause we're winners and winners take all
Together we stand we won't take no fall
Cause we're winners and winners take all

Verse:
We have loved, burned by fate but for once set the record
straight
Time does heal all wounds
We have laughed, we have cried, paid our dues yes we've turned
the tide
Mistakes are far and few
We need no guidance our aim is true
Down the road there were many tough roads but we know that we
done, what we need

Chorus:
Together we stand we won't take no fall
Cause we're winners and winners take all
Together we stand we won't take no fall
Cause we're winners and winners take all
The price is high when you keep the score
Take your souls and your goals to the top
Together we stand we won't take no fall
Cause we're winners and winners take all
Together we stand we won't take no fall
Cause we're winners and winners take all

Graduation Day
 Today we'll start a new life
 And we'll say our last goodbyes
 To all the friends we've grown to love
 With whom we've laughed and cried.

*Please Remain Seated
 Ushers:
 Misty Prewitt
 Dawna Luden
 Brad McCaskill
 Greg Gidon

Remembering the fun and laughter,
 The problems and the fears,
 And watching all our memories grow
 Throughout our high school years.

The memories of the dances
 And the new friends that we've met,
 Vacations, teachers, talking
 And exams we'd rather forget.

Yes, high school days are precious but brief,
 Where all your dreams come true;
 It is not the end, but the beginning
 Of a life we'll start anew.

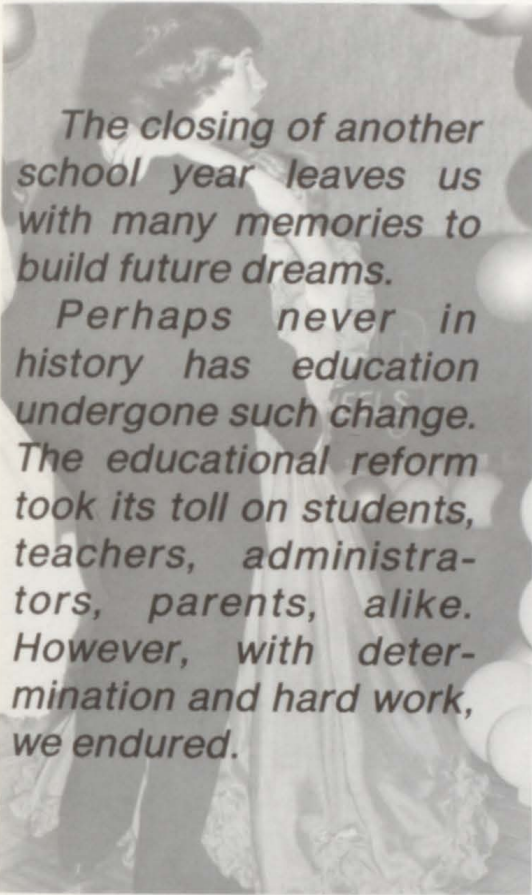

Kindergarteners captured the hearts of their audience once again this year with their excellent performance.

Other snaps include Mrs. King's class Indian study and the carnival.

THE ANNUAL STAFF thanks you, the students, for providing us with great snaps like these — for these memories of today are truly the beginning of future dreams.

The closing of another school year leaves us with many memories to build future dreams.

Perhaps never in history has education undergone such change. The educational reform took its toll on students, teachers, administrators, parents, alike. However, with determination and hard work, we endured.

As the 1985 school year closes, it leaves us with memories of special school days, trips to Magic Time Machine, and band performances, as well as many other special occasions, leaving us with memories to build future dreams.

Closing

As we looked to the end of another school year, we realized that the —
Memories of Today are the beginning of future dreams.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources, it helps you and your family save money since the cost of energy is a big chunk out of most families' budgets. You can help your family by doing your part . . . make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid the refrigerator — know what you want before you open the door; hot water takes energy — try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now . . . you'll help make sure there will be enough for everyone when you start a family of your own.
