*Cross Roads Bobcats we
salute you, and to you
will faithful be. Cross
Roads Bobcats we will
boost you to
fame and victory. And
when our school days are
all over, and
we've drifted far apart.
We will always remember
the school of our hearts.*

Fight Song

*Cross Roads will shine
tonight, Cross Roads will
shine. Cross Roads will
shine tonight
all down the line. Cross
Roads will shine tonight,
Cross Roads
will shine. When the
sun goes down and the
moon comes up Cross
Roads will shine.*

INTO THE CLASSROOM

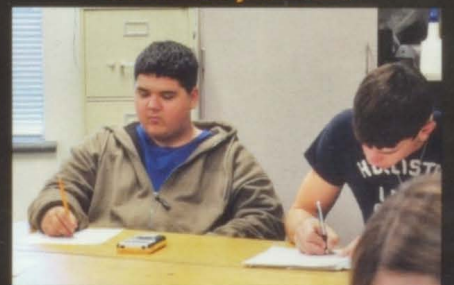

Above left: Students Laura Waldo, Kaylee Buckley, Melissa Webb, and Ashley Weaver work meticulously to figure out Mrs. Merritt's tough problems.
Above Right: Tina Belcher and Kassie Tatom gain valuable assistance on some homework in order to better understand linear relations.

Ashley Davidson, Brittany Aaron, and Krysti Fowler utilize each others assistance as they work on their latest assignment.

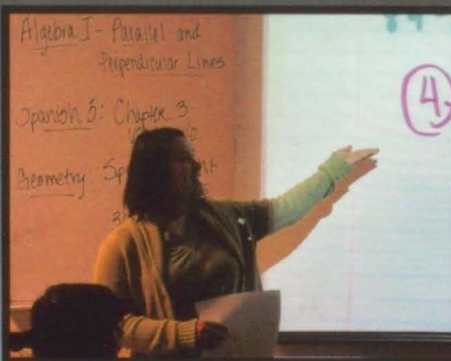

TVCC's College Algebra & Pre-Calculus Professor Nancy Long employs her expertise in order to help Erik Angel better understand his high-level math problems.

Alexander Barker and Garrett Robertson work quickly to finish up their assignment before the bell rings.

Above: The Magnificent Mathematician Mrs. Locke gives vast insight into the mystifying world of solving algebraic equations.

Seth Villargran listens intently to Mr. Kennedy's intriguing lecture on the complex subject of astronomy.

Sydney White, Jacob Vaughan, and Brandon Pryor employ a group effort in order to better understand their Chemistry concepts.

Gazing onto the infinite depths of space, Rance Marsh and Jon Baker test the new high power astronomy equipment.

Rance Marsh And Mr. Kennedy excitedly present the new smart board to the class, showing that teamwork and a great attitude always gets the job done!

The beautiful Mrs. Kennedy, always willing to lend a helping hand with a smile, graciously provides Jayme Talbert with the assistance he needs to solve his difficult Chemistry problems.

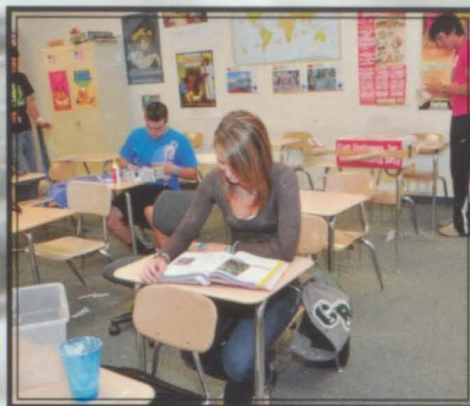

The Kennedy's knowledge and love for science shows no bounds.

The dynamic duo have turned the school's Science department around throughout their years at Cross Roads and continue to give the students great promise for their education and exploration of Scientific Studies.

history

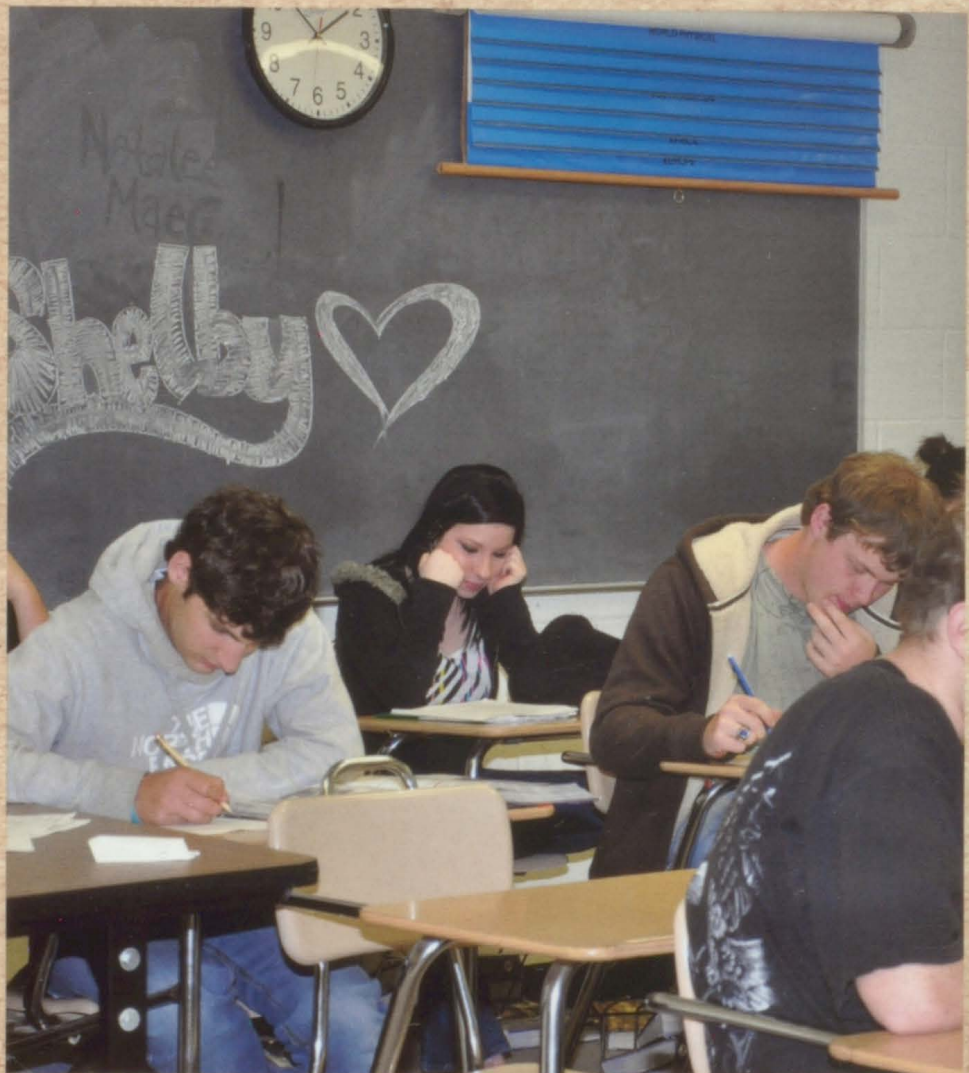

Coach Tardiff's history class covered everything from war to peace and all things in between. He always had a good joke for the students. Some people got it, some people didn't but everyone laughed. One memorable assignment involved making flash cards to help students remember the 27 amendments. Everyone took something away from his class.

Right: Anna Cross prepares for an upcoming TAKS test.

Below: Jacob Vaughan and Hunter Norwood are busy taking notes.

GOVERNMENT & ECONOMICS

Top left: Lance Cain, Taylor Rogers, Eddie Angel, and Justin Hairgrove enjoy a good discussion in Coach Ervin's class.

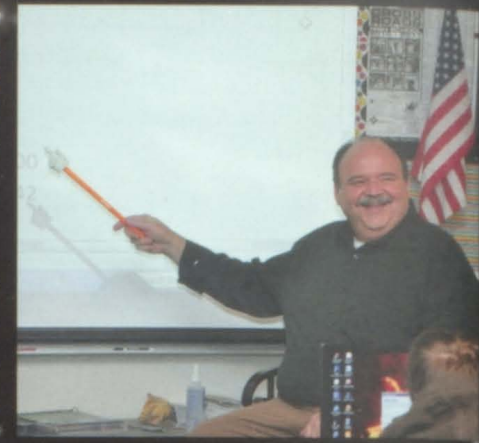

Top right: Sheila Hall works diligently on her assignment.

Coach Ervin had a unique way of teaching government and economics. He liked to know what the students thought about various topics. Assignments included things like comparing name-brand items to off-brand items. He always knew how to engage his students in the classroom and on the field. He will hold a special place in student's memories for years to come.

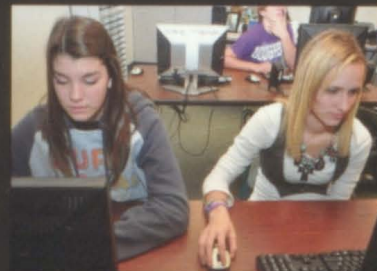

Determination is the name of the game when it comes to comprehending the complicated world of computers. With tenacity, the BIM 1&2 Classes - formerly known as BCIS 1&2- push to gain greater understanding in Microsoft office programs such as Word, Power Point, Excel, and Access. They also completed several video projects which included using digital camcorders and editing using Windows Movie Maker.

Above: Harrison Smith completes his assignment with ease.

Right: Mr. Blake brings humor to his lecture to keep student's spirits high in the computer lab.

BUSINESS INFORMATION MANAGMENT

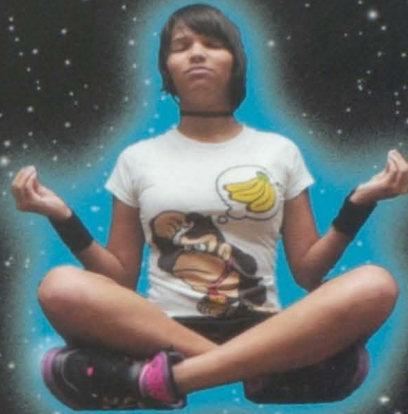

MR. BLAKE!

Always willing to lend a helping hand, share insight, and provide an inviting and warm hearted atmosphere in his lab, Mr. Blake is Cross Roads' resourceful computer teacher. As the instructor for BIM 1, BIM 2, Digital Interactive Media and Yearbook Advisor, he works with a wide spectrum of students from Freshman to Seniors.

From making people into fairies and aliens to synthesizing a planet and making yourself levitate, Digital Interactive Media (A.K.A Multimedia) enhances and refines the skills students need to unleash their imagination, leading to a new world of possibilities.

DIGITAL AND INTERACTIVE MEDIA

Showing off their Photoshop prowess, students modify normal photos to create amazing scenes such as “Las Vegas Atlantis” and “Snow Day Fun”.

"Memory is a way of holding onto the things you love, the things you are, the things you never want to lose."

-From the television show The Wonder Years

Left: Finally catching a break from behind the camera, the staff members relax and let loose on the playground to have a few seconds of fun before getting back to the hectic world of the yearbook lab.

Finishing pages, meeting due dates, scheduling pictures, and keeping up with all the school events, the yearbook staff is constantly working to stay on top of their assignments. Through computer lock-ups and network meltdowns these workers never cease to maintain their cool and continue on towards publication. From playoff games and board meetings to end-of-the-year banquets, you could always find a yearbook member with camera in hand waiting to capture the perfect shot.

CROSS ROADS HIGH SCHOOL BOBCAT BAND

**Featured Band Member
(:Tiffani Chamberlain:)**

Miss Chamberlain has served as Color Guard Captian the past three years. She has worked tirelessly, attending to Guard needs from repairing uniforms and flags to leading group rehearsals. Tiffani has proven to be a selfless leader, sincere in her dedication and loyal to her organization. Always having a smiling face while serving with humility and pride. The CRHS Band is proud of Tiffani and will miss her greatly upon graduation.

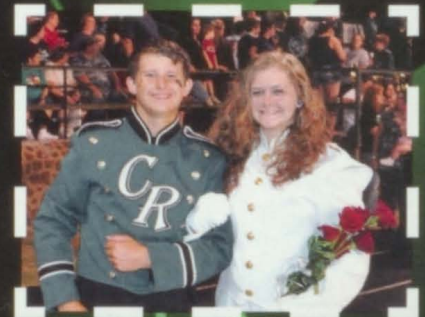

The band continues to pursue the highest level of excellence and achievement. During Mr. McSperitt's second year on staff, the band has incorporated the 7th and 8th graders into the high school band program. The Junior High members grew considerably and greatly contributed to the efforts of the High School Band this school year. During the Marching Season, the Band placed first in their division in three contests and received, a division II rating for the second year in a row at the UIL Region Marching Contest in Mesquite. Concert Season brought out another achievement,

in that the High School Band received a division II in the Sight-reading room as well. Next year is a state year and we have plans to present an exiting show for our marching contest, though we will not be adding numbers into the band from the Junior High. Junior High Band will be reinstated next year and serve as its own class for 7th Grade Band Members. Many High School Band Members traveled to Disney World in Orlando, Florida this spring, enjoying the parks and having a great experience. All in all, a very successful year for our Band Program.
