

THE TIGER

Dear Students,

As the close of this year draws nearer, allow me to thank each one of you for your kindness and cooperation throughout the year.

Congratulations to the sponsor and staff for the production of this fine yearbook. As you turn through the pages may you have many happy memories of days spent here.

Cordially yours,

Norris Starkey

ELECTRIC,
of course!

Electric heat is as clean as light, so pots and pans stay shiny ... kitchen walls and decorations will stay clean longer, too!

Note that we said, "Cooked electric." That's important, for you can rely absolutely on your electric range to roast lamb or any meat just right. Measured heat is the secret. You determine cooking time and temperature by setting the dial and your electric range does the rest, accurately, automatically ... maintaining the exact degree of heat you need. Yes, for cooking that's tasty, easy, and economical, rely on an electric range. Visit your electric appliance dealer tomorrow and have him show you the modern electric ranges.
