Superintendent's Message

There is a place for each of you in this world. Don't consider it a spot to fill idly, as an unused book on the shelf collecting dust. Consider it your business to make a definite contribution to the community and country in which it is your fortune to live.

I hope this book will be a reminder to you many times in the future that you made the best of the opportunities offered you now, and that you don't have to look back and say, "If I had only----."

Sincerely,

A. G. Luce

PRINCIPAL'S MESSAGE

All youth need to understand the rights and duties of a citizen of a democratic society, and to be diligent and competent in the performance of their obligations as members of the community and citizens of the state and nation, and of the world.

We, at Latexo, as teachers and administrators, are attempting to provide you with the necessary training to meet these tasks that we so well know you will face after you have graduated from this institution.

It is with sincerity, when I say, I know we have provided you with the essentials and know you will take advantage of every opportunity.
