Principals' Message

The objective of Latexo Elementary School is to teach boys and girls. We, the faculty, want to teach the fundamental subjects that have to do with skills, understandings, and aptitudes. They will then be able to live an active, useful life and be an asset to their community.

It has been a great pleasure to me to have the privilege of working with all the fine boys and girls in Latexo School.

Sincerely,

Gladys Barkley

*Wishing the
best of luck for
you - Mrs. Allbright*
