SUPERINTENDENT'S MESSAGE

Much of the joy of living comes from the thrill and satisfaction of the present. It would seem that the school year 1957-58 has had many such joys. Our student body shows an appreciable growth in interest and desire to assume responsibilities. This year is an opportunity to learn, work with and enjoy a much larger number of fine boys and girls. The spirit and attitude of the faculty have been unusually fine.

To all we say that it has been a good year. It is our hope that the future holds for each of you a life full of rewards for hard, conscientious, intelligent work—a life enriched with joy, hope, respect, success, and love.

PRINCIPAL'S MESSAGE

The school year of 1957-58 has been remarkable in many respects. Our growth in numbers has been great, our school program is being enlarged continually, but the most worthwhile and enduring growth has been in the students themselves.

May those who are leaving us upon graduation find that this school has laid the proper foundation for their life's work; and to those who remain, let us continue "to increase in wisdom, in stature, and in favor with God and man."
